

PREVENTION ON PURPOSE PRESENTS

# STAYING HEALTHY IN AN ERA OF NUCLEAR RADIATION, GMOS, AND GEOENGINEERING

### Key-Note Speaker Ken Rohla

Ken Rohla is world-renowned expert in environmental toxicity and a cutting-edge researcher. He is certified natural health educator by Hippocrates Health Institute. Ken has been honored to work with Coretta Scott King, wife of the late Dr. Martin Luther King, Jr. Currently Ken's focus is developing natural solutions for the new severe threats to our health, including nuclear radiation, chemtrails, genetically modified foods and microorganisms, electromagnetic pollution, nanotechnology, biowarfare agents, depleted food, and other issues.

SAT  
APRIL  
**29**<sup>TH</sup>  
1PM - 5PM

### CHRIS CUCCHIARA

[chriscucchiara.com](http://chriscucchiara.com)

Dr. Dave Marquis along with other local health-care professionals will be sharing their thought provoking wisdom and providing solutions to these environmental toxins that are affecting us all!

### DR. DAVE MARQUIS

[drdavidmarquis.com](http://drdavidmarquis.com)

**COURTYARD BY MARRIOTT**  
1605 CALLE JOAQUIN  
SAN LUIS OBISPO

NEAR LOS OSOS  
VALLEY ROAD &  
HWY 101

### What you'll learn from our speakers:

- How to combat the 10 to 20 million metric tons of barium, aluminum, and strontium powders, sulfuric acid, hydrogen sulfide, sulfur dioxide and other pollutants into the atmosphere each year.
- How to restore optimal health from geoengineering, and genetic manipulation of not only plants and animals, but also microbes.
- How to protect and treat ourselves from the genetically modified "superbugs" that are showing up in most people's bodies.
- How these environmental factors contribute to Neurodegenerative Decline, Dementia, and Alzheimer's, and what you can do about it.

### What you'll experience at our "POP Fair":

- Local vendors serving healthy and delicious gourmet foods and drinks!
- Health and business professionals sharing their wisdom and resources to support your journey to optimal health and well-being!
- Local and world-wide experts sharing valuable information around vaccines.
